

The 6th International Symposium of Serbian Surgeons

SCIENTIFIC PROGRAM

**29 - 30 November 2018,
Conference hall NIS,
Narodnog fronta 12, Novi Sad, Serbia**

THURSDAY, November 29th 2018.

8:30 - 10:30 Session I Chairpersons: Milošević (Serbia) Vladov (Bulgaria) Kakiashvili (Israel)

1) Milan Korica (Novi Sad, SERBIA)

Laparoscopic splenectomy in the treatment of the hematologic diseases

2) Nikolay Belev (Plovdiv, BULGARIA)

Laparoscopic surgery in advanced gastric cancer (T2-4a, N1-3b, Mo) combined with high pressure aerosol chemotherapy for peritoneal carcinomatosis (PC) prophylaxis and treatment

3) Dragan Radovanović (Belgrade, SERBIA)

Efficacy of laparoscopy in severe acute cholecystitis

4) Eli Kakiashvili (Naharia, ISRAEL)

Current status of robotic gastrectomy and future directions

5) Ivan Paunović (Belgrade, SERBIA)

Laparoscopic to open adrenal surgery -
Experience of Center for endocrine surgery

10:30 - 11:00 OPENING CEREMONY

11:00 - 13:00 Session II Chairpersons: Takaori (Japan) Milošević (Serbia) Stanković (Serbia)

1) Kyoichi Takaori (Kyoto, JAPAN)

Resecting Pancreatic Cancer: How far can we go?

2) Emilio Vicente (Madrid, SPAIN)

Arterial and venous resections in the treatment of pancreatic tumors

3) Safi Dokmak (Paris, France)

Venous reconstruction with parietal peritoneum

4) Masaru Miyazaki (Tokyo, JAPAN)

Surgical strategy using combined vascular resection for locally advanced pancreatic cancer

13:00 - 13:30 LUNCH

THURSDAY, November 29th 2018.

13:30 - 15:30 Session III Chairpersons: Edwin (Norway) Honda (Japan) Ivanecz (Slovenia)

1) Bjorn Edwin (Oslo, NORWAY)

Laparoscopic major hepatectomies: How we do it?
- step by step -

2) Goro Honda (Tokyo, JAPAN)

The caudate lobe first approach in laparoscopic hepatectomy

3) Arpad Ivanecz (Maribor, SLOVENIA)

The learning curve of laparoscopic liver resection: smooth and idealized with continuous improvement or true?

4) Vijay Khatri (Sacramento, USA)

Laparoscopic rectal resection: What does the current evidence suggest?

15:30 - 15:45 COFFEE BREAK

15:45 - 17:45 Session IV Chairpersons: Belghiti (France) Milošević (Serbia) Torzzili (Italy)

1) Jacques Belghiti (Paris, FRANCE)

Colorectal liver metastases: the trend of surgery

2) Guido Torzzili (Milano, ITALY)

Anatomical resection for HCC:
Solutions and concerns

3) Nikola Vladov (Sofia, BULGARIA)

Surgical treatment of tumor invading inferior vena cava

4) Zoran Milošević (Novi Sad, SERBIA)

Right hepatectomy with caudate lobectomy for the huge HCC with partial IVC infiltration

FRIDAY, November 30th 2018.

9:00 - 11:00 Session I Chairpersons: Ivanov (Serbia) Potrč (Slovenia) Činara (Serbia)

1) Radmila Popović (Novi Sad, SERBIA)

Infection after liver transplanation

2) Vladan Popović (Novi Sad, SERBIA)

Stagnant venous insufficiency of the lower extremitas as the most wide spread disease of today-modern therapeutic aprouch

3) Goro Honda (Tokyo, JAPAN)

Laparoscopic distal pancreatectomy for pancreatic adenocarcinoma

4) Stojan Potrč (Maribor, SLOVENIA)

Impact factors for complications in pancreatic resections

5) Dejan Ivanov (Novi Sad, SERBIA)

Preinvasive pancreatic lesions

When to operate?

11:00 - 11:15 COFFE BREAK

11:15 - 13:15 Session II Chairpersons: Khatri (USA) Miyazaki (Japan) Milošević (Serbia)

1) Jacques Belghiti (Paris, FRANCE)

Liver surgery: past, present and future

2) Emilio Vicente (Madrid, SPAIN)

Extreme liver surgery

3) Masaru Miyazaki (Tokyo, JAPAN)

Aggressive surgical strategy using preoperative down-sizing chemotherapy for advanced biliary cancer

4) Vijay Khatri (Sacramento, USA)

Colorectal liver metastases:

What have we learn from the last 2 decades?

13:15 - 13:30 COFEE BREAK

FRIDAY, November 30th 2018.

13:30 - 15:30 Session III Chairpersons: Dokmak (France) Vicente (Spain) Milošević (Serbia)

1) Kyoichi Takaori (Kyoto, JAPAN)

Minimally invasive pancreatic cancer:
International consensus for safe introduction

2) Safi Dokmak (Paris, FRANCE)

Laparoscopic pancreaticoduodenectomy
- Our experience in Beaujon hospital -

3) Guido Torzzili (Milano, ITALY)

OSH, TSH, ALPPS
With strategy for multiple bilobar CLM?

4) Eldar Gadzijev (Ljubljana, SLOVENIA)

Electrochemotherapy of colorectal liver metastases

15:30 - 15:45 COFFE BREAK

15:45 - 17:45 Session IV Chairpersons: Stanković (Serbia) Milošević (Serbia) Ivanov (Serbia)

1) Bjorn Edwin (Oslo, NORWAY)

Oslo Co Met study- the first RCT between laparoscopic and open
liver resection for CLM

2) Ivelin Takorov (Sofia, BULGARIA)

Synchronous laparoscopic liver and colorectal resection for metastatic
colorectal cancer

3) Eli Kakiashvili (Naharia, ISRAEL)

Robotic surgery: past, present and future directions

4) Aleksandar Karamarković (Belgrade, SERBIA)

The importance of the Laennec capsulae concept in anatomical
liver resections: What we need to know?
